Re: DMCA Takedown Notice

Dear Sir or Madame:

I am an attorney and I represent Helbiz Inc. A website that your company hosts (according to WHOIS information) is infringing on numerous copyrights owned by Helbiz Inc. The web site is <https://hbznews.com> and has no connection to Helbiz Inc. The hbznews.com web site also contains numerous false and defamatory statements about Helbiz and its management team.

The pages with copyright infringements include, but are not limited to:

<https://hbznews.com/helbiz-pay> which contains an internal corporate video belonging to Helbiz Inc. that was never authorized for public release. Also on this page are numerous Helbiz related photos and images that Helbiz owns the copyright to.

<https://hbznews.com/> which contains copyrighted photos of three members of Helbiz's management team that are posted without authorization

<https://hbznews.com/introduction> which contains Helbiz's internal corporate video and numerous photos and images to which Helbiz owns the copyright

<https://hbznews.com/del-piero-helbiz-car>, which contains a Helbiz video showing a celebrity soccer player that Helbiz no longer has the rights to use.

These are just some of the numerous examples because virtually every page of the web site contains videos, photos and images whose copyright is owed by Helbiz and that are being used without permission.

This letter is official notification under Section 512(c) of the Digital Millennium Copyright Act ("DMCA"), and Helbiz seeks the removal of the aforementioned infringing

material from your servers and requests that the entire site be taken down. I request that you immediately notify the infringer of this notice and inform them of their duty to remove the all of the infringing material immediately, and notify them to cease any further posting of infringing material to your server in the future.

Please also be advised that law requires you, as a service provider, to remove or disable access to the infringing materials upon receiving this notice. Under US law a service provider, such as yourself, enjoys immunity from a copyright lawsuit provided that you act with deliberate speed to investigate and rectify ongoing copyright infringement. If service providers do not investigate and remove or disable the infringing material this immunity is lost. Therefore, in order for you to remain immune from a copyright infringement action you will need to investigate and ultimately remove or otherwise disable the infringing material from your servers with all due speed should the direct infringer, your client, not comply immediately.

I am providing this notice in good faith and with the reasonable belief that rights belonging to Helbiz Inc. are being infringed. Under penalty of perjury I certify that the information contained in the notification is both true and accurate, and I have the authority to act on behalf of the owner of the copyright(s) involved.

#### **False and Defamatory Statements**

The hbznews.com website has also published numerous false and defamatory statements concerning Helbiz Inc. and its management team. For example the site falsely claims on numerous pages that Helbiz is a “scam” or that the company scammed investors. Examples of these pages (among many) are:

[hbznews.com/introduction](https://www.hbznews.com/introduction)

<https://www.hbznews.com/official-answer-to-helbiz-from-ico-investors>

<https://hbznews.com/helbiz-partnership-with-tinaba>

These statements -- and numerous similar ones on the website -- maliciously target Helbiz Inc. and the individual members of its management team with false statements in an attempt to derail the company’s business relationships and prospects,

Should you wish to discuss this with me please contact me directly at [rheim@tarterkrinsky.com](mailto:rheim@tarterkrinsky.com) or (212) 216-1131. Thank you.

Very truly yours,

*Robert Heim*
